Quick Notes

When creating a password, you must make sure the password is considered secure/strong enough. If the red bar has turned yellow or green after your password has been typed in, your password is considered strong enough. If the bar is still red you will need to create a stronger password. You may need to add more characters, capitalization or a special character.

Once you've logged in with your new User Number and first attempt to place a bid, you will be asked to register a credit card. If you do not have a credit card or do not feel comfortable doing this, please call 989-823-8835 and we will temporarily by-pass this requirement for you. When you call please be sure to mention you are bidding on a

Benefit Auction.
